Fischer Panda Generators are the ideal choice for the professional sailor or power boater. When space is tight, weight is critical or noise is an issue, many boaters choose Fischer Panda. The highly efficient Fischer Panda 8 Mini Digital Panel AC marine generator is powered by the reliable freshwater-cooled twin cylinder Kubota diesel engine and our superior asynchronous water-cooled alternator.

All Fischer Panda generators come standard with 100% freshwater cooling, superior sound enclosure, bulkhead external connections, remote fuel lift pump and remote control panel. Depending upon the kilowatt size Fischer Panda Generators can weigh up to 50% less than a conventional generator and are up to 30% smaller in size.

**FEATURES INCLUDE:**
- Advanced digital control panel provides extensive performance and diagnostic data
- Less weight, size and noise
- Extremely quiet (52dba@7meter)
- Safety shutdowns for all critical functions
- Self protected against overload
- VCS electronic governor provides excellent voltage stability
- Direct driven fresh water-cooled Asynchronous Alternator
- Ignition Protection for gas powered boats
- Gear driven raw water pump
- Robust twin cylinder Kubota diesel engine
- Comes complete with harnesses, remote control panel, sound enclosure and remote fuel lift pump
- 5 Year limited warranty
